CONSTRUCTION SERVICES

- STORAGE TANK AND TANK FARM FACILITY
- PRESSURE VESSEL
- MANIFOLD SKID
- STEAM AND HOT WATER BOILERS
- TUBULAR HEAT EXCHANGERS & CONDENSER
- MARINE BARGES, STRUCTURAL STEEL & SILOS

Our fabrication yard facility situated off a major highway provide for easy load-out. The yard has a covered area of about 1500m² with Overhead Crane and 42mm x 2500mm width Plate Bending Rolls, over 40 units of Lincoln and Miller Welding Machines, Sub Arch Welding Machines and Welding Rotators for manufacturing Pressure Vessels, Steam Boilers and Kilns for the Cement Factory.

FIELD ENGINEERING

- OIL AND GAS FACILITY INSTALLATION
- FACTORY INSTALLATION AND UPGRADE
- SITE BUILT TANK AND STEEL STRUCTURE
- PIPELINE INSTALLATION AND COMMISSIONING
- HOT/COLD INSULATION (LAGGING & CLADDING)

We have fabricated and erected over 2500 tons of steel for storage tanks with combined capacity tanks with combined capacity of over 50,000MT all to API 650 standard and installed nearly 10,000m of pipeline. During this period no single LTI was recorded owing to high safety standard.

MAINTENANCE & OPERATIONAL SUPPORT

- SMOKE AND WATER TUBE BOILERS REPAIR & RE-TUBING
- STEAM BOILER SUPPLY, COMMISSIONING AND AFTER SALES SERVICES
- HEAT EXCHANGERS REPAIR AND RE-TUBING
- SHIP AND OFFSHORE FACILITIES REPAIR

Adler Engineering has an enviable reputation as one of the leading specialist in the repair of marine and industrial steam boilers, super heaters, heat exchangers and condensers which are under third party certification Lloyds and ABS, these guarantee the integrity of the high pressure unit.

Adler Engineering Services Ltd is an EPC company with core competence in Fabrication, Welding Application, Mechanical Installation, Maintenance and Repair of Process Equipment, Steam Boilers, Pressure Vessels and Heat Exchangers.

Adler Engineering Services Ltd have a modern fabrication yard facility, with overhead crane and 42mm thick plate bending rolls. The yard can fabricate up to 4 meter diameter pressure vessel and has annual production capacity of 2500 tons of steel.

We have developed a safety and quality culture that has guaranteed clients satisfaction.

OIL & GAS
